

STAGE 3 PROTOCOLS FOR REOPENING

Powderhaus Brewing Company will be employing the following protocols in order to reopen in the safest, most health-conscious manner on 5/30/20.

- Employees will maintain a minimum of 6 feet between themselves and patrons at the bar. Seating will be arranged in a way that limits contact between patrons and employees.
- Taproom Capacity will be limited to roughly 50% of regular business. Customers will be encouraged not to wait inside the taproom for available tables and will be asked to maintain a 6 foot distance between them and others while they wait outside.
- We ask that customer avoid sharing tables and waiting areas as not to risk unnecessary contact with one-another.
- Bar seating will be temporarily closed to walk up customers and table service will take its place unless customers are taking beer to go or are seated outside and ordering from our walk up window.
- Live entertainment will be postponed until stage 4 and begin with outdoor entertainment as well.

We will CONTINUE to employ rigorous measures to sanitize any and every "High-Touch" area including all surfaces, door handles and seats that patrons may use. We will CONTINUE to sanitize any and all reusable drink containers such as Growlers before we fill them. We will CONTINUE using our high temp dishwasher to thoroughly clean and sanitize reusable drink-ware.

Our employee illness policy will provide COVID-19 staff training to Include:

- Monitoring employee health by screening employees for fever (temperature over 100.4°F as well as other symptoms of illness prior to each shift. We will ask employees who show symptoms to self monitor and report the time of onset for public health officials.
- Posting signs on the front door or window that states that any customer, who has a fever or other COVID-19 symptoms, must refrain from entering
- Limiting the number of patrons in the facility at one time
- Directing the flow of traffic in the establishment to maximize space between people (e.g. lines marked on the floor)
- Using signage and barrier protection to limit movement and maintain distancing
- Limiting employee and patron contact by using contactless payment methods when possible
- Using observation personnel to make sure distancing and disinfection procedures are followed
- Eliminating self-serve snacks and water
- Improving ventilation, if possible, by opening windows and doors as well as encouraging patrons to use our outdoor spaces.
